

Box Mat

From recycled plastic we make surfaces for humans and animals sustainably better.

www.kunststoffmatten.de

Field of application:

Boxes and stables

Description:

This mat is well suited for use in horse boxes and stables thanks to its robustness. The stall mats are easy to lay and cut to size. Thanks to tongue and groove, they form an even, closed surface that can withstand high loads and is easy to clean. They are not only flame retardant according to fire protection criteria, but also non-slip due to the surface structure. The thermal insulation provided by the air layer on the underside ensures maximum lying comfort.

Properties:

Insensitive to chemical substances and UV radiation, heat insulating, easy to lay and cut to size, flame retardant.

 Installation example:
Connection with tongue and groove

Technical data:

Length: 970mm
Width: 830mm
Height: 27mm
Load capacity: 15t/m²
Weight: 20kg
Cover area: approx. 0,8m²
Colour: Anthracite
Material: PVC residence
